

PRINCESS®

CRUISE

HIGHLIGHTS

2022 - 2023

www.princesscruises.fi / [.is](http://www.princesscruises.is) / [.no](http://www.princesscruises.no) / [.se](http://www.princesscruises.se) & www.princess-cruises.dk

What will cruising be like in those challenging times? We'll provide you with all necessary details regarding our cruise health and safety protocols online, so you'll have the most up-to-date information. Here are a few of the measures we're pursuing as we work with public health officials and medical experts:

Embarkation

- Enhanced screenings such as touchless temperature checks
- Enhanced sanitisation procedures in embarkation terminals
- Use the MedallionClass app to fill out your pre-cruise health questionnaire. You'll then be able to select your preferred time to arrive at the port to help stagger boarding. Physical distancing will be maintained throughout check-in and embarkation. Your stateroom door will even unlock as you approach

Onboard

- Sanitising all staterooms and public areas with a disinfectant that kills novel coronaviruses
- Handwashing sinks and hand sanitiser dispensers at all venue entrances and high traffic areas
- Air will be replaced throughout public spaces and staterooms every five to six minutes due to upgrading our ships' HVAC systems to MERV 13 filters that remove a large portion of airborne particles
- Making it easier to practice physical distancing by reducing timing, size and flow of groups in onboard venues and for events
- Use the MedallionClass app for a real-time view of attendance in onboard venues
- Enhanced health screenings and protocols for crew
- Watch the required safety drill video anytime on embarkation day and anywhere, on your MedallionClass app, or using your stateroom TV. Pop over to your muster station any time before sailaway so you know exactly where to go in case of an emergency
- Purchase anything on board without handling cash or cards, courtesy of MedallionPay. With OceanNow, order wherever you are, and the food, drinks and items from our shops will find you, even if you move
- When it comes to meal times, there will be no self service - we'll do the serving for you

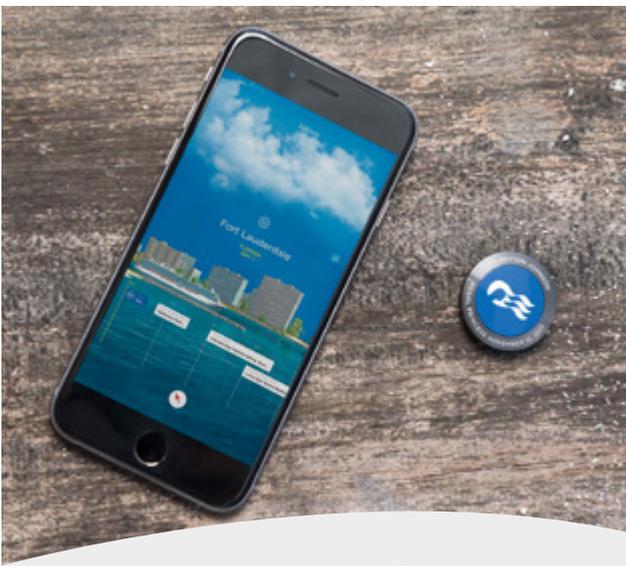

Medical Care

- A highly capable medical team specially trained for COVID-19
- Rapid response COVID-19 testing
- Outpatient and inpatient facilities including critical care
- Medication known to improve outcomes for COVID-19 patients
- Contact tracing if illness occurs onboard
- Staterooms equipped with HEPA air filtration for those in isolation

Ashore

- Working with local health authorities and government officials in the destinations we visit
- Monitoring global health activity and regulations and adjusting itineraries as necessary

Medallion[™] Class

Featuring the Ocean Medallion[™]

What is OceanMedallion?

The OceanMedallion is a revolutionary, wearable device that enables an entirely new level of service and personalised attention onboard a MedallionClass ship and is given to all guests for free. The OceanMedallion facilitates the enhanced guest experience but has no discernible technology – no on-off switch, no charging, no menu to navigate. The OceanMedallion holds a guest's unique digital identity and communicates with readers onboard as well as in select ports and provides crew members with information about each guest to help them provide a better service.

What does it do?

- A streamlined embarkation and disembarkation process, giving quicker and easier access to the ship
- Enhanced interaction with crew members and other guests, e.g. staff can see guest's individual food and beverage preferences and offer a more personalised service
- On demand beverage delivery, whereby guests will be able to order drinks and have them delivered directly throughout the ship and to their stateroom
- OceanCompass, which provides interactive directions throughout the ship and allows guests to easily locate friends, family and their children
- Easy payment for merchandise, drinks, shore excursions and other onboard services
- Access for guests to their real-time itinerary via portals throughout the ship, along with events and activities taking place during their cruise
- Keyless stateroom access
- Interactive games that can be played on portals across the vessel and the top deck 'Movies Under The Stars' screen, including trivia challenges and a shipwide digital scavenger hunt
- A selection of casino games including poker, bingo and roulette available via guests' smart devices and select portals
- And much much more!

The MedallionClass[™] app

The all-in-one app interacts with your Medallion to put the MedallionClass digital experiences at your fingertips. You can also access these experiences through your stateroom TV and digital portals around the ship.
